Weekend Activities

Family is where strength is built — and when a family comes together with intention, that strength multiplies. For the Wornum family, shared activities are more than just time spent together; they are meaningful moments that reinforce love, culture, resilience, and unity. Gathering as one honors our legacy — where storytelling, laughter, teamwork, and unwavering support have always been tools for survival and success.

Group activities create space for every voice to be heard, every generation to connect, and every member to feel seen, valued, and celebrated.

Banquet

Our black-tie-inspired family banquet will be a signature event of the weekend — a beautiful evening designed to celebrate our journey, honor the people and moments that have shaped us, and share in the joy of being together.

Formal evening attire will help set an elegant and celebratory tone for this special night. Guided by our theme, “Legacy of Excellence,” and our slogan, “Strengthening our legacy, one generation at a time,” this banquet offers a meaningful opportunity to reflect on where we come from and the powerful legacy we are building together. **Formal attire is required.**

Family Slideshow Submissions

We are creating a slideshow for the family reunion and are requesting submissions to reunion@wornumfamily.com.

Please include graduations, marriages, anniversaries, awards, July birthdays, memorials, accomplishments, and any moments the family would enjoy seeing.

Potential Group Activity Options

During registration, you'll have the opportunity to share which activities you and your family are most excited about. Your feedback will guide the 2027 Wornum Family Reunion Planning Committee in selecting and curating our weekend experiences.

Transportation to and from scheduled events will be coordinated as attendance is confirmed and funds are received. More detailed information about weekend events and logistics will be shared closer to the reunion date.

As plans are finalized, the Committee will work diligently to reduce — and whenever possible eliminate — additional costs associated with selected activities.
